DANCE OLD TIME FIGURES

Daughters of the Pioneers Meet Served Success in the Happy Evening of Pleasure.

## LOCAL BRIEFS.

Last night the handsome auditorium at the Bishop's building was the scene of the annual pioneer ball given by the Daughters of Utah Pioneers. The event surpassing any former affair. Despite the discouraging weather, fully two hundred people gathered in the big hall, and enjoyed an evening in which old-fashioned dancing, songs and reminiscence held delightful sway.

The grand march began at 9 o'clock with Mrs. Lily Volstenholme and Milando Pratt leading, both wearing pioneer costumes. A list of old fashioned dances followed, with Sir Roger de Coverly, Scotch reels and other like ones as the popular pastimes. The entire assemblage joined in singing "C. W. Penrose's inspiring hymn, "Oh, Ye Mountains High" with a spirit which brought back the old time fever of pioneer days, and Miss Bessie Smith paid a tribute to the spirit of the occasion with the charming song "The Songs My Mother Used To Sing."

In the assembly was President Joseph F. Smith, Elder A. W. Ivins, Bishop C. W. Nibley and many other of the Church's officials, and a number of distinguished eastern people who were there as guests of the society.

At the side room refreshments were served. Mrs. Edith Ensign, Merrill presiding, and Mrs. E. S. Wright presided at the door. ## UTAH COUNTY EXHIBIT.

Resources of Fertile Section to be Displayed in Vermont Building.

It is more than likely that Utah county will in the near future be represented in the Vermont building exhibit. It present plans are carried out the exhibit of the county commissioners and the several commercial clubs, and to this will be added a number of individual exhibits. The latter will possibly include a museum, training showing from the B. Y. university, products of the Knight woolen mills and a line of candles and fancy paper boxes from the Startup Manufacturing company.

The commissioners have signified a willingness to purchase a wall case if the Commercial club will bear the rental expense, and as this club business men of Provo are enthusiastic over the project there is little doubt that the displays will be forthcoming.

Utah county has the first modern sugar factory built in Utah, and the only woolen mill of any consequence in the intermountain country. Among other industrial establishments are an immense candy and paper box factory, flour and lumber mills, brick plant, foundries, cannery factories, etc. More productive agricultural and horticultural lands can not be found in the state, or anywhere else for that matter, than are found in Utah county. So productive are the fruit lands, especially the orchards of families, are becoming wealthy from the cultivation of a few acres. As another asset, Utah county folk point to their fresh water lake teeming with fish of many kinds, and to the canyon resorts, numerous as beautiful. All these attractions will be featured in the Vermont building exhibition.

## THE SPIRIT THAT WINS.

Persistence and doggedness of tenacity bring results. One of our depositors started a savings account four different times. Three times he was paid to withdraw his savings to pay for life necessities, but he is still with us and now has a wall of dollars between himself and possible sickness and death. His is the spirit that wins against all odds. And his savings account with us helps.
